Malmö, Sweden

**Welcome to the 6th Scandinavian conference on Surgery of the
Shoulder and Elbow.**

Main topics: Shoulder arthroplasty
 Elbow trauma

This is the 6th combined meeting for the Swedish, Danish and Norwegian societies of shoulder and elbow surgery. The main subject on Thursday 25th is shoulder arthroplasty – state of the art 2012. On Friday 26th elbow trauma is the main topic. All orthopaedic surgeon interested in shoulder and elbow surgery are welcome to participate.

Professor Evan Flatow from New York, USA is an internationally well established expert on shoulder arthroplasty. We are very pleased to present him as our honoured guest lecturer. On Thursday he will share his experience of modern shoulder arthroplasty with us and update us about today trends.

Leading shoulder and elbow experts from Sweden, Denmark and Norway will give lectures and participate in discussions. On Thursday there is a session of case discussions with a panel consisting of professor Flatow and Scandinavian experts.

On Friday there will be a session for medical dissertations and free papers. We would much appreciate if authors of Scandinavian medical dissertations - thesis – from 2012 - 2013 present a short presentation of their work (10 – 15 minutes). Please send us an abstract of your thesis. You are also welcome to send an abstract for the free paper session to Anders Nordqvist (Sweden), Anne Kathrine Belling Sørensen (Denmark) and Cecilie Piene Schröder (Norway) before Februari 1st 2013.

The physiotherapists will arrange a separate program on Friday 26th. For further information contact Ingrid.Albertsson@skane.se

All medical companies that provide shoulder and elbow products are welcome to participate and show us their products in the exhibition area. Arnold Persson (Traveko) is your contact man.
